## Mission and Values

### Mission:

To nurture, develop, educate, and foster the arts and galvanize all artists and patrons within the community.

### Values:

Members of the Board of Directors for The Next Picture Show (TNPS) believe that each person is unique and rooted in their own culture. They also believe that diversity, equity, and inclusion are important parts of our mission and of healthy communities.

TNPS is a safe space where artists and patrons have access to the art resources of TNPS and whose varied histories, voices, and life experiences are honored.

There is no room for prejudice or discrimination in our organization.
